Services: The American Cancer Society provides information, day-to-day help, and emotional support to people with cancer and their families. The Society educates women about the importance of early detection and following recommended breast cancer screening guidelines. At the website, women can sign up for a free mammogram reminder that will be e-mailed to them each year so they won't forget to schedule their yearly mammogram. We also advocate for important public policies and programs to ensure all women have access to breast cancer screening tests and care, regardless of their ability to pay. The Society empowers breast cancer patients and survivors and provides free programs such as Reach to Recovery, look Good...Feel Better, transportation assistance, wigs, hats, breast forms and bras and a Cancer Survivor's Network.
